Course Requirements

Midterm

The midterm exam will test students on material covered up until that point in the semester. The exam will test

the ability of students to employ the learned vocabulary, grammar, phrases and expressions as well as reading comprehension.

Final Exam

The final exam is a comprehensive one; testing student's mastery of all vocabulary and grammar covered in the course. It will also include sections that test all language skills: writing, reading comprehension, listening and oral production.

Weekly Writing

Every week students are required to write a 750-1500 words report on an assigned topic.

Reading and Analysis

Over the course of the semester students are required to read a novel of their choice that is no less than 180 pages and provide a critical analysis. The critical analysis will be presented and discussed in the class. The presentations should include: the type of novel, place and time, cultural values, technical analysis of the events and characters as well as the monologue and dialogue. The assignment will be graded based on the student ability to discuss the novel, use MSA and visual presentation. The presentation will be 15 minutes followed by the discussion.

Weekly Tests

There will be a weekly in-class test on learned vocabulary and expressions. It will measure the student's understanding of vocabulary, expressions and use that in correct sentences without contextual errors.

Homework

The homework is usually focused on vocabulary, grammar or reading comprehension to measure the students' understanding of the material covered in the class. You will be able to apply what is learned in the class, guide you to self-learn and improve language confidence. Students must submit a daily homework. You are expected to turn your homework in on-time on the day that it is due. If you do not, the instructor can refuse to accept your work or reduce your grade on the assignment.

Listening

Each week, students must do the listening exercise in each chapter and complete the required assignment for that. These assignments will introduce the new vocabulary, connect the listening exercise to the chapters' vocabulary and expand on it. In addition, recognize the similar vocabulary between the listening exercise and the ones covered in the chapter.

Participation

In order to get the most out of each class, it is very important that you are prepared, alert, and engaged during class activities. In-class activities are designed with the assumption that you already studied the vocabulary and grammar explanations at home and are prepared to activate that knowledge in class.

It is essential that you attend every class in order to not fall behind. At the end of the semester, one unexcused absence will be dropped for each student. If you come to class late it will reduce your participation grade. If you are more than 20 minutes late for class it will be considered an absence.

Attendance

To encourage engaged learning, regular class attendance is required throughout the program. This includes any required co-curricular class excursion or event, as well as internship, service-learning, or other required field placement.

An excused absence in a CIEE course will only be considered if approved by a CIEE Center Director/Academic Director (not the Instructor), and:

- it is a self-certified absence for illness (only once per course, requires formal request before or within 24 hours, cannot miss assessment worth more than 5% of final course grade)
- a doctor's note from a local medical professional is provided
- evidence of a family emergency is provided

- it is a pre-approved observance of religious holiday

Unexcused absences include personal travel and/or travel delays, as well as missing more than 25% of a single class period (including tardiness and early departure). Assessments missed due to unexcused absences will be marked as zero. Students with over 10% unexcused absences will be contacted by CIEE staff. Students with over 20% unexcused absences will be contacted by CIEE staff, receive a formal warning letter (shared with their home institution) and lose 10% of the final course point total (e.g., a final A grade of 93% will be lowered to a B grade of 83%).

For more detail, please consult your CIEE Academic Manual.

Academic Integrity

Academic integrity is essential to a positive and inclusive teaching and learning environment. All students are expected to complete coursework responsibilities with fairness, respect, and honesty. Failure to do so by seeking unfair advantage over others or misrepresenting someone else's work as your own can result in grade penalties or disciplinary action. See the CIEE Student Academic Manual for further information on academic integrity.

N.B. Course schedule and co-curriculars are subject to change. The final duration and distribution of content and assignments will be determined and presented to students at the onset of the course.
